

**Service Schedule Change to Churchill, MB and Surrounding Service Area**

Effective Monday February 1, 2016 Gardewine's service to Churchill and Northern points serviced through Churchill will be reduced to 1 day per week.

This change is a direct result of the reduction of scheduled rail service recently announced by OmniTrax.

Freight that is received at the Gardewine Terminal in Winnipeg after 17:00 hrs Monday will depart on the following week's departure.
