

July 2, 2026

To Our Valued General Freight Customers,

Due to heavy rainfall and flooding in Western Manitoba, service disruptions and delays are currently affecting some areas.

Current Service Impacts

- **Swan River and surrounding communities:**
 - Freight destined for **Swan River** proper will move tonight, with deliveries beginning July 3rd.
 - Freight for **Minitonas, Bowsman** and **Lenswood** will also move to the Swan River terminal; however, delivery delays are expected as conditions continue to evolve.
 - All other communities surrounding Swan River will continue to be held in Winnipeg
- **Dauphin and surrounding areas:**
 - Service will continue within the **City of Dauphin** and to locations **southeast of Dauphin**.
 - **Fork River** and **Winnipegosis** are now accessible and will be serviced.
 - All other communities surrounding Dauphin will continue to be held in Winnipeg

Swan River Washout Surcharge

- All LTL shipments will be diverted using highway 16 and 9, adding 171 kilometers (one-way), will be subject to a temporary Swan River Washout (SRW) surcharge of \$4.24/CWT with a minimum charge of \$21.20 per shipment, to a maximum of \$848.00 per shipment. All LTL flat deck shipments will see the same maximum surcharge of \$848.00 and that surcharge will be pro-rated based on the rated linear footage of the LTL shipment. A minimum surcharge of \$62.59 per shipment will apply to all flat deck shipments.

We are actively monitoring conditions and will provide updates as new information becomes available.
