### **Service Advisory: Swan River and Dauphin Areas**

To Our Valued General Freight Customers,

Due to heavy rainfall and flooding in Western Manitoba, service delays are expected.

- Swan River and surrounding areas are currently inaccessible by road. As a result, all freight destined for these locations is being held in Winnipeg.
- Dauphin (city limits) will continue to receive service; however, all outlying areas surrounding Dauphin are also affected, and freight for these locations will be held in Winnipeg until conditions improve.

We are closely monitoring the situation and will provide further updates tomorrow afternoon.
